# FORTAREDS™

Vit C 220 mg, Vit E 45 IU, Vit A 3000 IU, Zn 15 mg, Cu 1 mg, Se 40 mcg,  
Mn 2.5 mg, Lutemax 2020 25 mg Capsules

With 

*Retaaards* Progression

---

## **FORTAREDS**

### **COMPOSITION:**

Each Vegetarian capsule contains:

Vitamin C 220 mg

Vitamin E 45 IU

Lutein/Zeaxanthin Complex 20 mg

[LUTEMAX 2020-25%

Providing Lutein 5 mg

Zeaxanthin (RR & RS) 1 mg]

Elemental Zinc 15 mg

Manganese 2.5 mg

Copper 1 mg

Vitamin A 3000 IU

Selenium 40 mcg

Excipients q.s.

**INDICATIONS:** Prevention of Age-Related Macular Disease

**DOSE: 1 capsule twice daily**

### **THE NEED FOR EYE-HEALTH SUPPLEMENTS FOR THE AGING EYE**

Age-related macular degeneration (ARMD) is a disease that blurs the sharp, central vision you need for “straight-ahead” activities such as reading, sewing, and driving. AMD affects the macula, the part of the eye that allows you to see fine detail. Atrophic (Dry) AMD - Affects 90% of people with no active/effective treatment options available (only regular follow ups).

The **Age-Related Eye Disease Study 2 (AREDS-2)** Randomized Clinical Trial recommended combination of Vitamins and antioxidants to delay the progression of ARMD. This combination has been further fortified in our product, FORTAREDS, with the inclusion of Vitamin A, Manganese and Selenium.

### **MECHANISM OF ACTION:**

1<sup>st</sup> formulation available in India confirming to the recommendation of AREDS2 that reduces risk of ARMD progression by 25%, fortified with vitamins and minerals that improves night vision and minimizes oxidative stress. Further Lutemax 2020 enriches macular pigments better than Lutein/Zeaxanthin thereby retarding progression.

**CLINICAL EFFICACY:** Well documented by one of the largest ever trial on ophthalmology.

**SAFETY:** Safe at recommended doses

**PACKING:** Strip of 10 Capsules, Carton of 3 strips
